RENEWED PETITION UNDER 37 C.F.R. §1.183

Dear Sir:

This is a Renewed Petition under 37 C.F.R. §1.183 to proceed with the above-identified patent application although the inventor in the application has refused to execute the Supplemental Reissue Application Declaration. The decision on the original petition filed April 16, 2004 states that the petition was dismissed for failing to include a copy of the Supplemental Reissue Application Declaration signed by the assignee, which was indicated as enclosed therewith. However, applicant's representative encloses herewith a copy of a postcard receipt

(labeled "Exhibit C") from the U.S. Patent and Trademark Office acknowledging receipt of the Declaration with the papers filed on April 16, 2004. Accordingly, it is believed that all required papers were properly filed with the original petition, and that no new fees are due in connection with this Renewed Petition. However, the supplemental declaration is re-submitted herewith for convenience.

James M. Cisar is the sole inventor of this application. A Supplemental Reissue Application Declaration was sent to Mr. Cisar by certified mail on June 10, 2003. To date, no response has been received from Mr. Cisar. A copy of the Statement of Facts submitted with the original petition is attached which fully describes the facts relied on to establish that a diligent effort was made to have Mr. Cisar execute a Supplement Reissue Application Declaration; however, Mr. Cisar has failed to do so. Accordingly, Symbol Technologies, Inc., as assignee of the subject patent application is making application for patent pursuant to CFR § 1.47(b). A copy of PTO/SB/96 is also submitted herewith for consideration.

Although previously submitted with the Reply to Office Action dated August 12, 2003, and with the petition mailed on April 16, 2004, a Supplemental Reissue Application Declaration executed by Glenn Frankenberger on behalf of Symbol Technologies, Inc. is enclosed herewith for review by the Office of Petitions. This action is necessary to preserve the rights of Symbol Technologies, Inc. and to prevent irreparable damage.

The last known address of James M. Cisar is:

8770 North Kane Road

Wadsworth, Ohio 44281

In view of at least the foregoing, the oath/declaration signed by the assignee of the entire interest is believed to be in accordance with 37 C.F.R. §1.172(a), and, furthermore, serves as a written consent of the assignee under 37 C.F.R. §1.172. Additionally, because the declaration signed by the assignee is acceptable per the exception under §1.47(b), it is respectfully submitted that forms PTO/SB/52 and PTO/SB/55 (copies provided herewith), were appropriately submitted in response to the Office Action dated August 12, 2003, and should be entered. Accordingly, it is respectfully requested that the objection to the oath/declaration be withdrawn and that the subject application be allowed.

CONCLUSION

Any additional fees that may be due in connection with this Petition can be charged to Deposit Account No. 50-1063 (Ref.: TELNP120USA).

Should the Patent Office believe that a telephone interview would be helpful to expedite this matter, the Patent Office is invited to contact Applicant's undersigned attorney at the telephone number listed below.

Respectfully submitted,
